

Ziij

DIGITAL INNOVATION CENTER

OFFICIAL ODOO PARTNER
EGYPT · KSA · UAE
CAIRO, EGYPT

WHO WE ARE

We turn operational **chaos** into precise, **observable** order.

Ziij is a digital innovation center that fuses enterprise-grade ERP with intelligent AI automation. We help businesses and institutions across the MENA region replace disconnected systems with one connected, intelligent core — so leadership finally sees everything in real time. We don't just sell software; we architect, implement, and train teams to full adoption.

WHAT WE BUILD

Odoo ERP

ENTERPRISE · MENA
LOCALIZED

As an official Odoo partner, we implement and customize full ERP suites — Sales, Inventory, Manufacturing, Accounting, HR — with an AI automation layer on top. Configured for Egyptian e-invoicing, Saudi ZATCA, and UAE VAT.

Nawah

EDUCATION OS · BY ZIIJ

An AI-powered operating system for the entire institution — built for MENA universities and K–12 schools. Turns scattered data into real-time clarity for every role, from president to student. Native LTI 1.3, Arabic-first.

Studio

CUSTOM SOFTWARE · AI

Bespoke SaaS platforms, AI integrations, and intelligent automation engineered to fit your exact operation — delivered with a deterministic engineering process, not the unpredictable agency model.

WHY ZIIJ

01
A Partner, Not a Vendor

We architect around your ROI and risk — invested long after launch.

02
Intelligence Built In

Forecasting, anomaly detection, and automation woven into the core.

03
You Own Everything

We architect on infrastructure you control — full data sovereignty.

04
MENA-Native

Arabic-first, locally compliant — built in, not bolted on.

RECOGNIZED & TRUSTED

AWARD

2nd Place — Robotex International 2025

PARTNERSHIP

Official Odoo Partner
